MARVO

TRIAxis

Innovative design with facilitation and durability. To fix and adjust the both end of mount and joint, just simply loosen or lock up the lever. Ball head parts are replaceable easily with other types.

Variation design for building block parts.

STEP 1.
Choose appropriate holder parts as holding device.

STEP 2.
Identify loading weight and length needed, then choose mount.

STEP 3.
Choose appropriate base parts to support the mount.

MARVO HOLDER
